## MEMORANDUM

---

September 3, 2014

**TO:** Honorable Mayor and City Commissioners

**VIA:** Kenneth Fields, City Manager

**FROM:** Dorothy Ecklund, Finance Director  
Chris Mimbs, Accounting Manager

**SUBJECT:** Ordinance 2014-12, Five-Year Capital Improvement Plan FY2014/15 - FY2018/19 – 1<sup>st</sup> Reading

**SYNOPSIS:** The Commissioners will consider adopting the Five-Year Capital Improvement Plan for fiscal years 2014/15 through 2018/19.

### RECOMMENDATION

It is recommended that the City Commission approve after first reading Ordinance 2014-12 adopting the Five-Year Capital Improvement Plan for fiscal years 2014/15 through 2018/19.

### BACKGROUND

In accordance with section 6.05 of the City Charter, Ordinance 2014-12 adopts the proposed 5-year Capital Improvement Plan (CIP) for the period FY2014/15 through FY2018/19. Capital improvements and capital acquisitions proposed for Year 1 of the 5-Year plan are incorporated into the FY14'15 operating budget, as are appropriation of funding sources necessary to implement Year 1 of the plan.

The 5-Year CIP document includes all capital facility and infrastructure improvements which staff believes should be undertaken during the next five years and supporting information to explain the necessity for the improvements. In addition, the CIP includes all capital equipment proposed for acquisition during this period. Cost estimates, method of funding and time schedule for the proposed improvements and equipment acquisitions are identified in the document.

The proposed 5-Year CIP totals \$48,145,748 and includes \$250,000 in land acquisition, \$2,989,215 in building improvements/acquisitions, \$33,754,912 in infrastructure and recreation improvements, \$3,795,099 in equipment acquisition, and \$7,356,522 in other capital outlay. Schedule "C", within the 5-year CIP, provides a detail listing of each asset type.

Improvements and equipment needs for the next 5 years were submitted by department heads with a justification of necessity and a recommended time schedule for completion or acquisition. These requests were prioritized by the City Manager in view of the available funding resources and urgency of need.

### FISCAL IMPACT

Funding of the CIP will be accomplished through utilization of existing cash surpluses and current year operating revenues, future grants, private contributions, leases/debt service issuances, and impact fees. Growth related improvements will be funded by impact fees.

Costs of all capital improvements and equipment acquisitions are distributed over 5 years as follows:

Year 1 - FY2014/15	8,097,984
Year 2 - FY2015/16	14,381,164
Year 3 - FY2016/17	10,812,600
Year 4 - FY2017/18	5,278,100
Year 5 - FY2018/19	9,575,900
5 Year Total	<hr/> 48,145,748

All items scheduled for Year 1 are included in the proposed FY14'15 operating budget presented to the City Commission for consideration.

**ATTACHMENTS**

Ordinance 2014-12

5 Year Capital Improvement Plan

**ORDINANCE 2014-12**

**AN ORDINANCE OF THE CITY OF LAKE WALES, POLK COUNTY, FLORIDA, RATIFYING, APPROVING, ACCEPTING AND ADOPTING A 5-YEAR CAPITAL IMPROVEMENT PLAN FOR FISCAL YEARS 2014/15 THROUGH 2018/19; REPEALING ALL ORDINANCES IN CONFLICT WITH THIS ORDINANCE AND PROVIDING FOR AN EFFECTIVE DATE.**

**WHEREAS**, the estimates of expenditures for the payment of all necessary and ordinary and all special extraordinary expenses contemplated for the implementation of Year 1 of the 5-Year Capital Improvement Plan for the City of Lake Wales, Polk County, Florida, for the Fiscal Years 2014/15 through 2018/19 have been incorporated into the Fiscal Year 2014-2015 Operating Budget of the City of Lake Wales and adopted by Ordinance 2014-11; and

**WHEREAS**, appropriation of all impact fees, grant proceeds, developer contributions, loan proceeds, private contributions and general revenues identified in the 5-Year Capital Improvement Plan as sources for the payment of expenses necessary to implement Year 1 of said plan has been incorporated into the Fiscal Year 2014-2015 Operating Budget of the City of Lake Wales and adopted by Ordinance 2014-11,

**NOW THEREFORE BE IT ENACTED** by the City Commission of the City of Lake Wales, Polk County, Florida:

**Section 1.** That the equipment acquisitions and facilities and infrastructure improvements contemplated in the 5-Year Capital Improvement Plan for the City of Lake Wales, Polk County, Florida, for the Fiscal Years 2014/15 through 2018/19, which Plan is incorporated into this ordinance as Schedule "A", shall be and the same are hereby ratified, approved, confirmed, accepted and adopted as the Capital Improvement Plan for the ensuing 5-year period.

**Section 2.** That the estimates of expenditures for the payment of all necessary and ordinary and all special extraordinary expenses contemplated for the implementation of the 5-Year Capital Improvement Plan for the City of Lake Wales, Polk County, Florida, for the Fiscal Years 2014/15 through 2018/19, which Plan is incorporated into this ordinance as Schedule "A", shall be and the same are hereby ratified, approved, confirmed, accepted and adopted as the Capital Improvement Budget for acquisition of land and capital equipment and for improvements to facilities and infrastructure for the ensuing 5-year period.

**Section 3.** That all ordinances and parts of ordinances in conflict herewith are hereby repealed.

**Section 4.** That this ordinance shall take effect immediately upon its adoption.

**CERTIFIED AS TO ADOPTION** this \_\_\_\_\_ day of September, 2014.

**Description:**

The parking lot on the southwest southeast corner of Stuart Ave. and Wetmore St. needs some clean-up and rehabilitation as part of the effort to beautify the community. The concrete pavement of the lot is in good shape except for weeds growing up in the joints. Striping of parking spaces and installation of bumper stops are proposed. The sidewalks along the street are broken up to the point of being unusable. They need to be replaced.

**Description:**

VMware is a technology that allows multiple servers to share the same physical hardware. This project will enable us to consolidate hardware resources resulting in lower server upgrade and operating costs in the future. One other important feature of VMware is that it creates snapshots of server configurations that can be restored very quickly in a disaster scenario.

**Fund:** 001 General Fund

**Project/Item:** Network Switch Replacement

**Function:** 510 General Government

**Funding Source:** City

**Asset Type:** 664 Equipment

**Cost Schedule:**

Year	City	County	State	Federal	Other	Total
14/15						0
15/16	5,000					5,000
16/17						0
17/18						0
18/19						0
<b>TOTAL</b>	<b>5,000</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>5,000</b>

**Description:**

One of the network switches in the administration building has been in production for ten years. The switch is operating, but is at the end of its life cycle and needs to be replaced within the next 24 months. This switch connects 24 computers to the network servers. Due to the switch's age and older technology, the speed at which the computers connect to the core network is reduced compared to current's standards.

18/19						0
<b>TOTAL</b>	<b>28,000</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>28,000</b>

**Description:**

This would complete a project which began during the 2011-12 fiscal year. This Point-to-Multipoint network would connect all of the remote City facilities via a high bandwidth wireless network backbone. There would be some minor return on the investment with this project as we would cancel any recurring internet costs to these facilities and could add additional network functionality to the facilities that we do not have now, due to the slow through put of WAN links.

**Description:**

The Eastern Aircraft Apron represents a significant resource to the airport and itinerant traffic. In the future, once landside access and parking is provided to this facility, its adjacent land will be poised for development. By expanding the apron and constructing a taxiway, the existing East Aircraft apron and FBO apron can be connected, thereby increasing the overall utility of each.

<b>TOTAL</b>	<b>7,150</b>	<b>0</b>	<b>7,150</b>	<b>128,700</b>	<b>0</b>	<b>143,000</b>

**Description:**

A precision approach to runway 6 is recommended to be developed within the mid-term of the planning period. Such and improvement would better support operations by aircraft in inclement weather as well as make airfield more attractive to general aviation and business aircraft alike. By utilizing GPS technologies to develop approach procedures and ground based lighting aids to heighten visual recognition of the airfield, low weather minimums are an achievable goal.

15/16						0
16/17						0
17/18						0
18/19						0
<b>TOTAL</b>	<b>146,112</b>	<b>0</b>	<b>0</b>	<b>2,630,010</b>	<b>0</b>	<b>2,776,122</b>

**Description:**

This project includes developing a full size runway safety area prior to the runway 24 end to support the potential landing short or overrunning of aircraft from the runway. The runway safety area prior to the runway will be 600 feet long and 300 feet wide and meet all grading standards prescribed by the FAA. In an effort to enhance safety on the airfield and comply with FAA regulations relative to runway and taxiway separations, this project will seek to extend taxiway A to the existing runway 6 end maintaining a centerline to centerline offset of 400 feet. Additionally, this project would include the demolition and removal of taxiways delta and charlie to minimize potential confusion to pilots and decrease the likelihood of an runway incursion accidents or incidents.

<b>TOTAL</b>	<b>723,800</b>	<b>0</b>	<b>2,895,200</b>	<b>0</b>	<b>0</b>	<b>3,619,000</b>

**Description:**

As a means to better support operations by the growing number of large and complex aircraft being experienced, a runway extension of at least 1,401 feet is highly recommended in the short-term development period. Furthermore, strengthening of the runway should also occur to bring its operational strength index to near 50,000 single wheel load. Additionally, this project would include an in-kind extension of taxiway A, the extension of LED medium intensity runway lights, the remarking of runway 6/24 to include a displaced threshold at the runway 24 end, and distance remaining signs along the runway shoulders.

<b>TOTAL</b>	<b>95,000</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>0</b>	<b>95,000</b>

**Description:**

Lighting installation (\$40,000), Dugout replacements (\$40,000) and Basketball court resurfacing (\$15,000). The field, tennis, and basketball court lighting has been severely damaged for a number of years and is only partially functioning. A portion of the lights are actually missing and need to be re-installed. The existing dugouts at the NW complex are in disrepair and should be replaced with modern low maintenance dugouts. The foundations of the dugouts have shifted substantially over the years, causing the block walls to severely fracture. These block dugouts need to be removed, new foundations poured, and modern chain-link style dugouts should be installed. The basketball court has many fractures and the lines are in need of painting. A simple overlay and new paint is all that is required to rehab the court.

**Description:**

Improvements to the "festival area" of Lake Wailes Park, the area near the fishing pier and basketball court, where special events take place several times a year. The project will define parking and event areas; provide barriers and plantings to protect trees; and improve facilities for events. Restrooms and a bandstand or small pavilion for performances may be included. Grants, volunteer efforts, and impact fees may be combined to accomplish the project. All park improvements will coincide with the Lake Wailes Park Master Plan.

**Description:**

The skatepark was designed with input from the community and City staff, along with recommendations from the vendor to maximize the usable space of the 100x100 foot pad the park was built on. The grant funds awarded at the time the skatepark was built (2008) only covered half of the cost of the equipment to build-out the park to completion, so the project was separated into two phases. Phase 1 was completed in 2008. The City has been awarded \$50,000 in FRDAP funds this year and the intent is to implement Phase 2 of the construction to complete the park as originally designed. There is no shade for the users of the park. Construction of a picnic/shade structure is recommended

**Description:**

Lighting expansion at the Soccer Complex. Only 25% (approximately) of the necessary field lighting was installed when the complex was constructed. As a result, the majority of the complex is not usable after daylight hours. The fields that are currently lit require much more maintenance as they are overused due the availability of the lights. This next phase of light will be strategically installed in the center of the complex in an effort to light as many of the fields as possible, maximizing the dollars spent. This complex facilitates recreation for approximately 600 children annually.

**Description:**

Provide bathrooms at each water plant. Bathrooms do not exist at this time. The following order is the order in which the bathrooms would be installed. Market Street Water Plant, Grove Avenue Water Plant, Highschool Water Plant. The cost for the Highschool water plant is higher due to a sewer line would have to be run and a small pump station would have to be purchased. When staff is at any of these locations they have to come back to city hall to use the bathroom, if city hall is not open the operator has to go to a convience store to use the bathroom. The minimun amount of time spent at any one plant location is 2 hrs up to a maximum of 8 hrs depending if there are contractors working at the plant site.
